ELECTRICITY:

The charges for areas other than covered shedding are based on the total power ordered for the stand as well as the number of points. The minimum supply is 16amp. Any additional wiring or electrical supply component or alterations, which are required will be made at the discretion of the official electrical contractor and will be chargeable to the exhibitor.

Electricity will only be supplied for the duration of the Fair and only in the designated areas.

***Sockets:** We are no longer offering 13amp sockets therefore you will need to have your own 16A to 13A adaptor. These can be purchased or hired, **in advance of the Fair**, directly from our electrical contractors (Tower Production Ltd. E: enquiries@tower-productions.com, T: 0131 552 0100).

PLEASE NOTE: The description for each power supply is given as a GUIDE ONLY and will depend on the number of appliances used and the wattage of each appliance.
